OBJECTIVE

To obtain an internship or job in the field of Human Computer Interaction.

EDUCATION

Information Science | Michigan State University

JANUARY 2018 - JUNE 2021

Took several Computer Science and UX/HCI-focused Media and Information courses.

WORK EXPERIENCE

Virtual Externship | Quicken Loans

JULY 2020

Developed professional skills while attending panels hosted by professionals in my field of interest.

Event Set-Up/Busser | Meadowbrook Hall

OCTOBER 2017 – AUGUST 2020

Collaborated with coworkers to ensure proper event set-up and help prepare event staff. Solved problems with minimal supervisor interaction.

PROJECTS

Uber Eats

Conducted research project on the Uber Eats desktop website. This involved utilizing collaborative tools, usability testing, and product analysis.

Microsoft Proposal

Crafted a proposal for a user study to allow Microsoft to break into the Smart Home market with a new product.

INTERESTS

Volunteered over spring break for two years with Pay It Forward Tours. Member of the MSU Ballroom Dance Team and Swing Club. Keeps up to date with issues in cybersecurity and other Information Technology topics.

SKILLS

Proficient at qualitative and quantitative research. Know Python, HTML, and C++. Proficient at using R for data analysis and statistical modeling. Proficient at installing hardware and software.
